

CHARACTERISTICS:

- Fast charging time
- SOLA charging management for a long service life
- SOLA Li-ion battery: full performance and good visibility of the laser line until the very end
- Ultra-low self-discharge, device is always ready for use
- No memory effect, random charging or discharging

SOLA LI-ION AKKU 5.2

Model

SOLA-LI-ION AKKU 5.2

Technical details:

Item description	SOLA Li-ion battery 5.2
Dimensions	71 x 39 x 22 mm
Operating temperature	-10°C to +50 °C
Battery type	SOLA Li-ion with protective electronics
Voltage	3.6 VDC
Capacity	5200 mAh
Storage temperature	-20 °C to +60°C
Charging time	3 - 5 hrs
