

HKM 1/10 W

III
mm

CHARACTERISTICS:

- Fiberglass reinforced plastic with high elasticity ensures a long service life
- Inboard joints for continuous graduations
- Cold and humidity resistant
- Electrically non-conductive

Model	Length
HKM 1/10 W	1 m

Technical details:

Item description	Folding rule
Material	Polyamide, fiberglass reinforced
Surface	white
Graduations	mm/cm, 2-piece, printed on both sides
Number of sections	10
Section thickness	3.2 mm
EC accuracy class	III
Joints	Plastic, inside
